6. [redacted] this was the first time in four years that no naval vessels were observed in Odessa Harbor. Part of the harbor was frozen over [redacted] the naval vessels had possibly been ordered out to prevent their being closed in.
7. The dredging operations observed during the previous trip in the channel to the petroleum docks, were still in progress. The work was done by one dredger on a 24-hour basis.
8. Installation of an additional 20-inch oil pipeline on each of the four docks of the Petroleum Harbor has been completed. The new pipeline will be put into operation as soon as an unfinished one-meter long link, located under the walkway of the Petroleum Pier, is completed.
9. The large silo which has been under construction [redacted] and which was almost completed [redacted] was still not operating. Cranes were seen lifting cement and rocks to the top of the silo.
